

इतनी सी हसी

**A Program for kids to learn
Samskars, know their culture , and
grow up to be good human beings...**

***Syllabus, course, content copyright of Veena Venu Art
Foundation**

About the Program:

- We believe that kids should know their culture, the heritage they are born with, the history and the treasure trove of knowledge they have, their country has. *Itni si hasi program* is not just a religious class to learn Prayers & Mantras. This class is for child's overall development in the early years & learning prayers/having faith is part of it. They will also learn Sanskrit shloks; Sanskrit is the most ancient, systematic & logical language. Introducing family values at a very tender age is always beneficial as it becomes a habit and a form of life in the child. Upbringing your child with Sanskars will truly be the best for you and him/her.
